

Thursday 9th July 2020

Hello everyone!

Mrs Green and I really enjoyed seeing you all yesterday. Thank you for telling us all about the things that you have got better at during your home learning. We are very proud of you.

Have a great day with your family,
Mrs Davies

Maths Activity

Can you always share a number of objects equally?

Find 6 toys and 12 counters or pieces of lego. If you have 2 toys, can you share the 12 objects equally? How many will each toy get? Another toy comes along. Can you share the 12 objects between 3 teddies? 4? 5? 6?

What do you notice?

Literacy Activity

What am I?

Write some clues for a sea creature of your choice. Can someone in your family guess the answer? You might want to draw a picture of the sea creature to show when you say the answer.

You might like to record your clues too and share it with someone else in your family or upload it on to Tapestry.

Here are my clues. Can you guess the answer?

I put my nose in the sand to look for fish to eat.

I can swim very fast.

I talk by making whistling and clicking noises.

What am I?

Phonics Activities

Join in with my phonics clip and have a go at reading this week's phonics words.

Play “Beat the Adult”. Choose a word on the grid. If you can read it then you get the points. How many points can you get? Can you beat the adult? Look at the sheet with ai/ee words.

Play “Beat the Adult”. Choose a word on the grid. If you can read it then you get the points. How many points can you get? Can you beat the adult? Look at the sheet with ou/igj words
