

Smart Craft Workshops

Create • Engage • Inspire • Growing Minds

Dear Years 4, 5 and 6,

Inspiration Station

I am delighted to be able to invite Year 4/5/6 pupils to 'Inspiration Station'. This after-school club is an opportunity for pupils to try their hand at a wide variety of arts and crafts, learning new skills. My aim is to inspire your children by teaching a variety of craft techniques so that they can make beautiful works of art that I feel sure they will be proud of and some of which will make ideal gifts.

Over the course of the term I aim to teach and further develop the skills of felt making and needle felting, 3D sculptures, making gifts and in the run up to Christmas, all things Christmassy!!

The Inspiration Station will run on **Thursdays** at **3:15 – 4:30** at **Great Chesterford Academy**. The children will be using a variety of quality specialist materials. There will be a charge of **£6/session**.

To ensure that appropriate teaching and support can be given to your children, places are limited. Please complete the form below and return it to your class teachers if you are interested asap and certainly by 15th September. I will run a waiting list if necessary.

I look forward to working with your children.

Kind regards,

Annabel Fernall
