My book review on 'Wonder'

In my opinion, Wonder is one of the best books I have read. The author (R.J. Palacio) has written other books except Wonder.

What is so special about the book Wonder?

Wonder tells the story of a boy called August ~~also~~ (also known as Auggie). He has a facial deformity that makes life more challenging for him as he starts school. Auggie has some issues with friends and then ~~not~~ accepting him for who he is and not what he looks like. Auggie has a ~~strong~~ unique way of dealing with life he uses humor and resilience. Which I love.

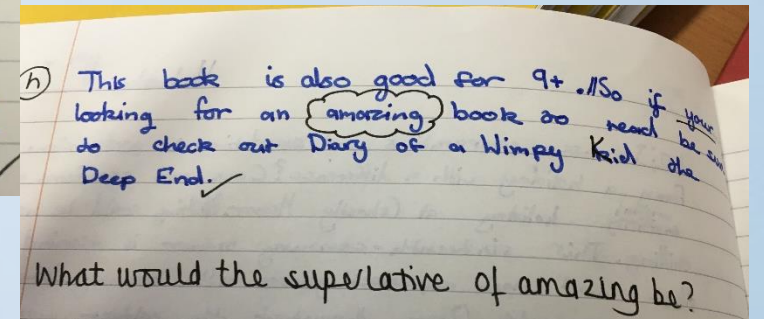

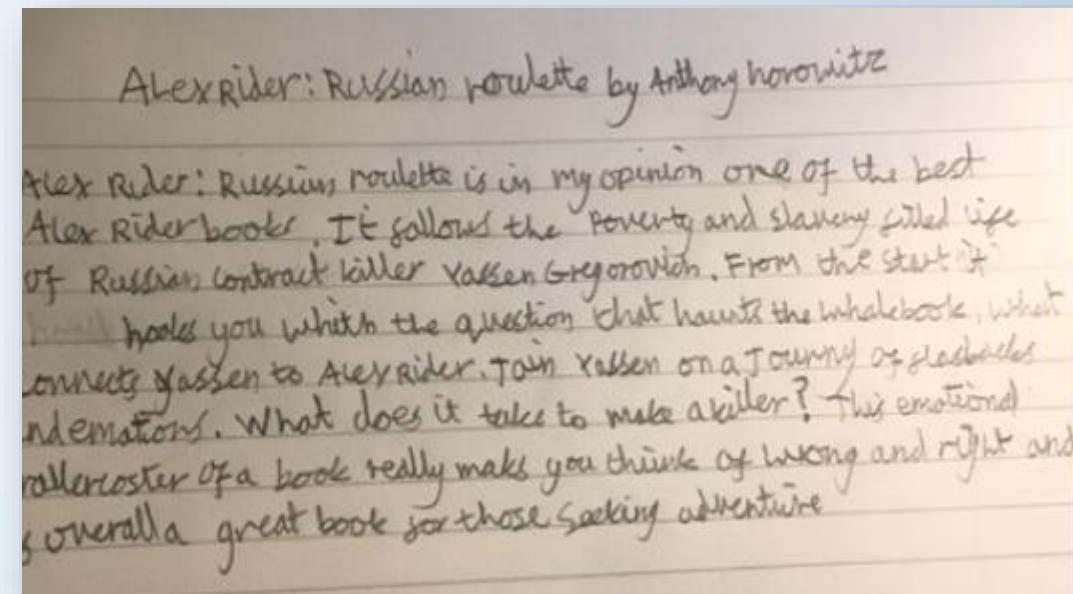

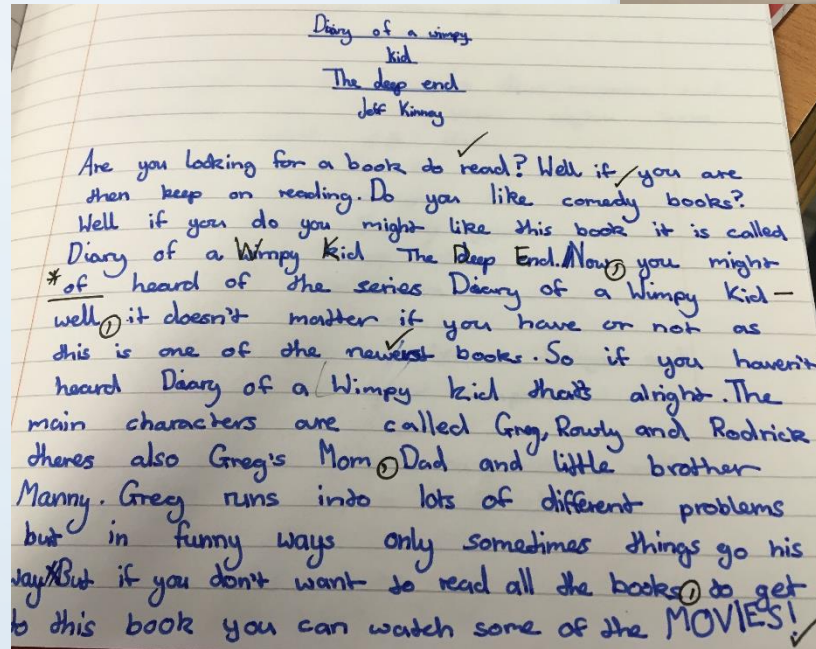

I like this book because it's ~~emotional~~ emotional, brilliant, there's funny moments, sad ~~in~~ and ~~also~~ honest.

I would recommend this book for ~~people~~ ~~all~~ over the age of 9 and all adults!

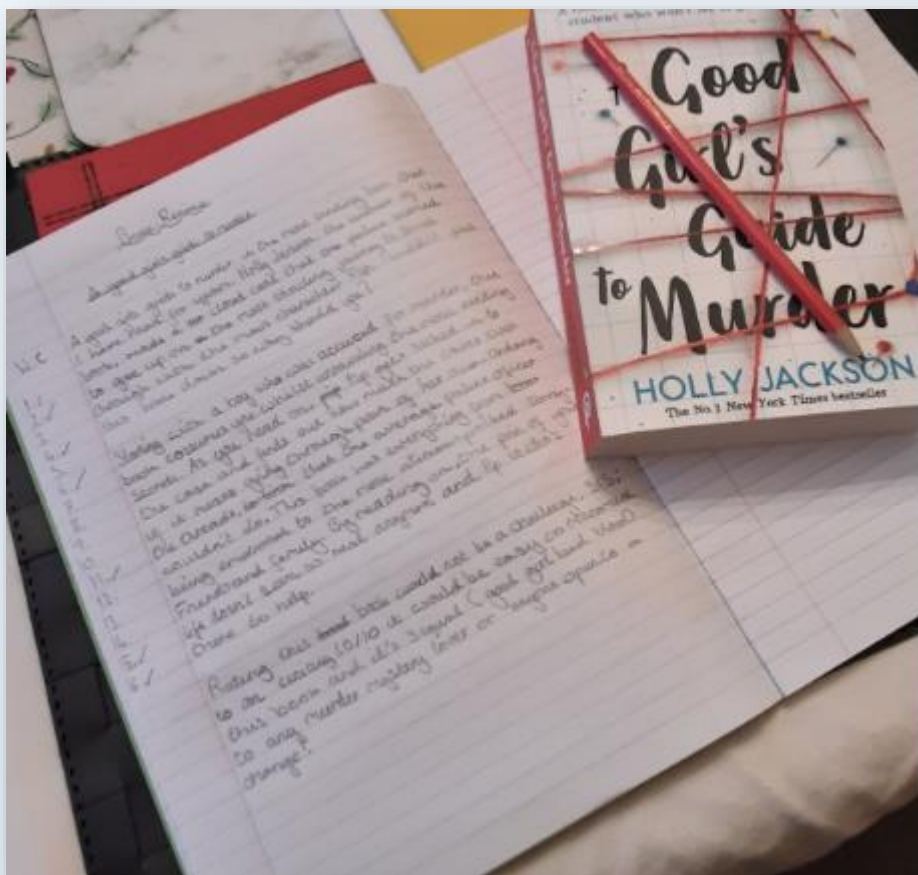

Would you want to read a ~~thrilling~~ ^{amazing} book full of courage and hope? If yes read on. ~~The book~~ ^{A book} called ~~soon~~ ^{written} by Morris Gleitzman. The book is about two children escaping the horrors of the Polish streets, after WW2 (world war two). Their names, Felix and Anya. I like it so much because it's got a mixture of emotions changing very quickly and ~~you~~ ^{you'll} feel the emotions build up inside of you as it would for the characters. If it's action and they're running away from people wanting to kill them you ~~would~~ ^{would} feel tense.

The book ~~is~~ is the 5th book of the series and the one after it is called Maybe. I love this book and I think you ought to read it. I am giving it 5 stars and I rate it 5th in my favorite books. I would even rate this higher than Holes! I would recommend this book to ~~pe~~ ^{people} children 9-14 who like action and don't mind a bit of gore.

Review of Demon Dentist by David Walliams

✓ Have you been searching for the most hilarious yet scary book? Well, you've come to the right place. Join Alfie and Gabe on their exciting adventure to stop the mysterious, Demon Dentist from taking everyone's teeth.

✓ Since Alfie had the wrong tooth pulled out, he has dreaded ever having to go to the dentist ever again. But when Winnie the social worker invites herself to their house, she finds all the letters from the dentist (telling Alfie to go) hidden. The unlucky Alfie has no choice but to go...

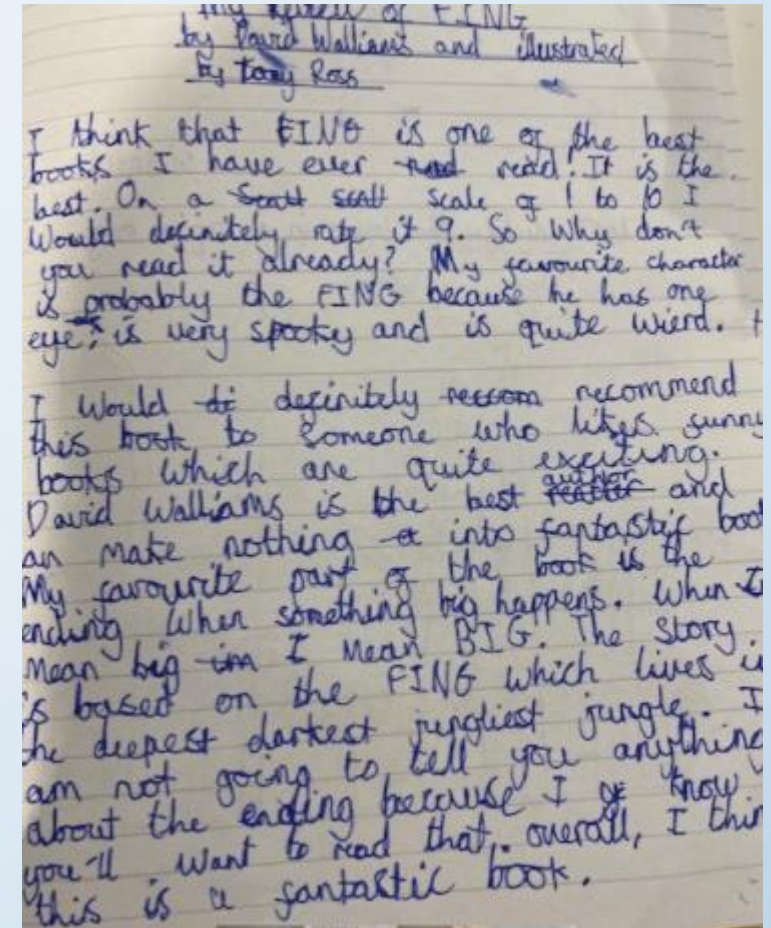

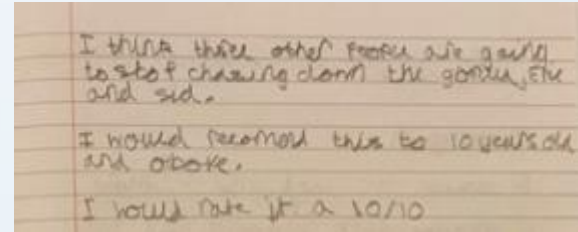

✓ Is you are between the ages of seven and seventy, you will not be able to stop yourself from reading it. It's too good! Written by the world famous David Walliams, Demon Dentist is his best book yet.

When Mr Erskewille was found dead, Miss Root takes over position as dentist. Little does the town know, the innocent Miss Root, is evil. Surprisingly when she gives Alfie a tube of toothpaste, he squeezed it all out outside, and it burnt through stone!

Everything looks suspicious when children in town find disgusting things under their pillow. They expect a tooth got a tooth but find earrings, used plaster, eyeglasses and much more!

✓ While this is scarier than your average book, it will make you laugh harder than you ever have before.

Scarlet and Ivy- The Last Secret

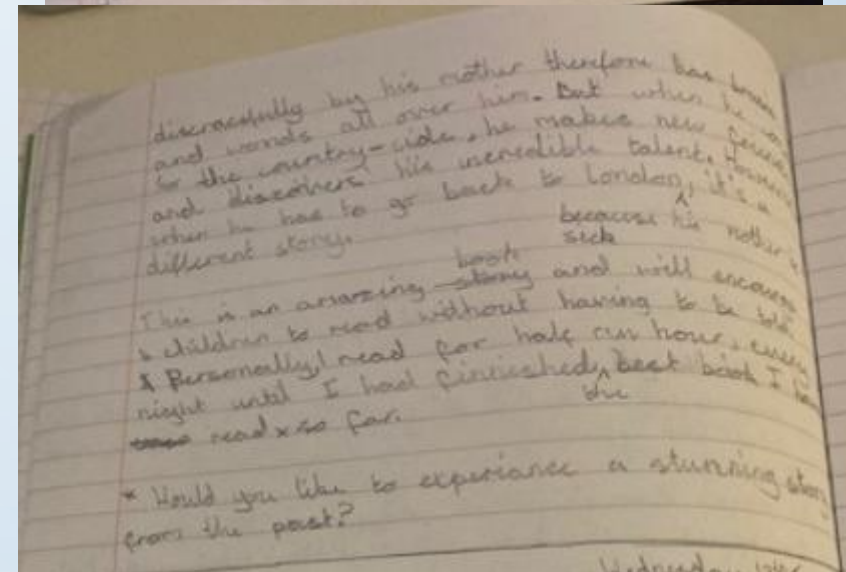

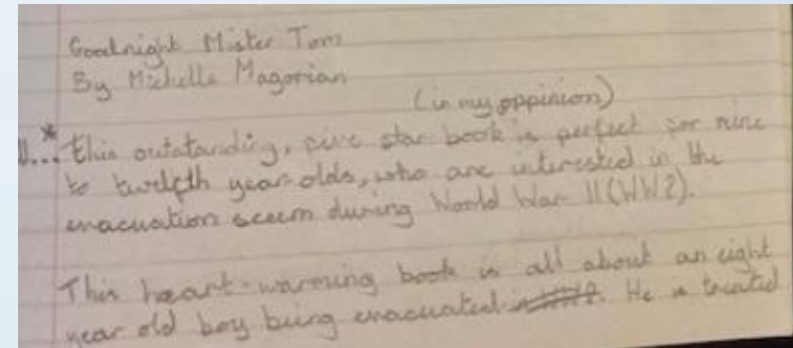

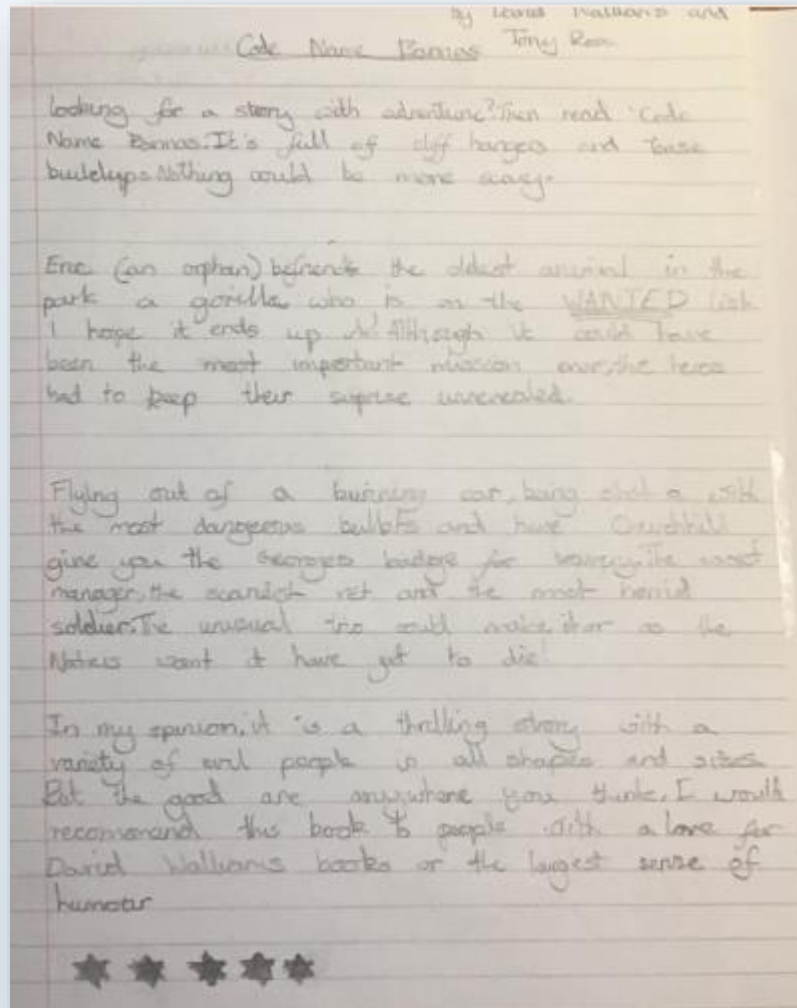

Do you want to read about mysteries and secrets being revealed? If so, read this most breath taking finale to a series of gasps and shocks!

This book, written by Sophie Cleverly, is full of the most unexpected horrors, waiting to be found. This series full of deplorable actions ends with this book, The Last Secret, that brings back a horrible name from the second book, The Whispers in the Walls, meaning they have to see an enemy, who was put them in danger many times before.

These books are about twins, Scarlet and Ivy, who are very different at the start of the series, but grow more similar after every scarier and scarier event they go through, together. The Last Secret, which is the finale to this scandalous series, is about them helping Rookwood, after Rookwood has helped them find out who they are, and who everyone else is.

The Lost Twin Sophie Cleverly

Do you like mysterious stories? Well I recommend scarlet and Ivy The Lost twin by Sophie Cleverly. It's a mysterious spine-chilling story. These are a series of books, this book review is about the first book ^{book number} one. My favourite character is probably Ivy because she is a kind and understanding little girl. scarlet and Ivy are identical twins. These books are for more confident readers as they are long stories. Sophie Cleverly is an amazing author and writes incredible stories.

Holes?

Do you want at a book about children digging? If you want like holes, then the book holes is for you. The author Louis Sachar has ~~was~~ written the book Holes. Every one is reading it.

Holes is an ^{amazing} good book it has: animals, companions, yellow spotted vissoads and rattlesnakes. In the book a boy called Stanley Yelnats goes to camp Green Lake. When Stanley goes to camp he meets a mean red-headed warden at camp green lake. the warden is funny but strict. I think that it is a good book it intrigues the reader so
