Class 6 Newsletter
Spring Term 2021

Dear Children and Parents

Welcome back and a happy new year to you all! Firstly, I would like to thank all the children for their hard work and enthusiasm last term and for the way in which they continued to stay so positive and upbeat – a great way to start Year 6 and a credit to the school.

This term our class topic is entitled '**Endangered!**'. Through our topic, we will be looking at a range of work, including rainforests, biomes and the Aztecs. Further details are provided on the Topic Web. If parents can help in any way by providing information or resources, I would be pleased to hear from you.

Thank you for collecting the home-learning resources. Please find below an outline of the timetable for the week. We will be providing two 'Sways' each day to detail activities to be completed and we will be developing some live-learning opportunities. Details of this will be emailed separately in due course.

Monday	Tuesday	Wednesday	Thursday	Friday
English Maths R.E. P.E.	English Maths Science P.E.	English Maths Geography P.E.	English Maths History P.E.	English Maths P.S.H.E. P.E.

In addition, please make sure children maintain daily reading.

Details of how work should be completed were sent out with the exercise books. While we appreciate that it is not always possible to forward work, we would be very pleased to see examples at least once a week. As a minimum, please could you ensure that you are in contact at least weekly so that we know how children are doing with the work set. All contact during this period should be via the class email: Year6@greatchesterford.essex.sch.uk unless specifically for the School Office or general school matters. I will do my best to respond as quickly as possible.

We all very much hope that we can return to classroom learning in the not too distant future but in the meantime, I hope that you all keep safe and well.

Yours sincerely,

Mrs Starbuck
