

Wednesday 8th July 2020

Hello everyone!

It is “Wellbeing Wednesday”. Today, at our Zoom session, I would love you to tell Mrs Green and I something that you think you have got better at during your home learning.

I am really looking forward to seeing you.

Have a great day,

Mrs Davies

Maths Activity

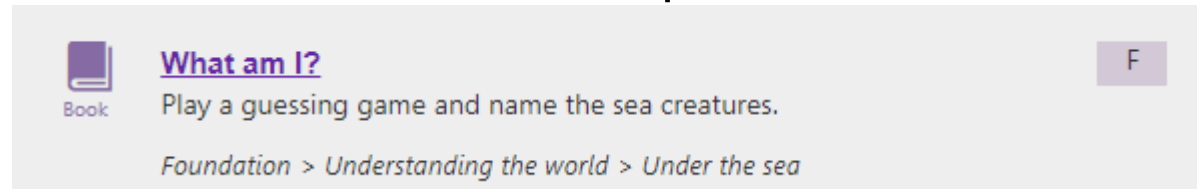

Today we are going to do more sharing. For this activity you will need 4 toys and 12 objects to share.

First you are going to share objects between 3 toys. Share 3, 6, 9 and then 12 objects equally between the 3 toys. How many objects does each toy get?

Then you are going to share objects between 4 toys. Share 4, 8 and then 12 objects between the toys. How many objects does each toy get?

Literacy Activity

Read pages 19 and 20 of the Talk for Writing Booklet. Can you guess the answers to the Who am I? clues. You might also want to read the “What am I?” book on Discovery Espresso.

Take it in turns to think up some clues for different sea creatures. Tomorrow, we will write and record a clue for your favourite sea creature.

Phonics Activities

Join in with my phonics clip and have a go at reading this week's phonics words.

Ask your child to write the sentence “Keep the sheep in the pen”.

Ask your child to write the sentence “ It was a light night”

Ask your child to write the sentence “Can a donkey play hockey?”
